EBJ BUSINESS ACHIEVEMENT AWARDS WINNERS

Welcome to the annual *Environmental Business Journal's* (EBJ) Business Achievement Awards. The 2008 crop of winners offer some familiar faces and some new medalists, but each recipient merits recognition for performance in what has emerged as challenging times for the environmental industry. So, congratulations to the winners, thanks to all the companies for submitting nominations and see you in California for the official awards ceremony at the *Environmental Industry Summit* in February 2009.

3E Company (Carlsbad, CA; www.3ecompany.com), a provider of environmental health and safety (EH&S) information and compliance management services, for continued enhancements of its information technology product and service line. In the past year, the company has incorporated the requirements and data of the European Union's Registration, Evaluation and Authorization of Chemicals (REACH) directive into its compliance and information management services and products, including the Ariel EH&S Decision Support products, 3E Online—MSDS Management solutions, Ariel MSDS

Authoring and Professional Services, and the *MSDgen* software suite for material safety data sheet (MSDS) and label authoring. 3E also added new tools reflecting the United Nations' Globally Harmonised System of Classification and Labelling of Chemicals (GHS) into its Ariel webInsight regulatory compliance package. In addition, 3E introduced Ariel GHS Rules for SAP EH&S, a new tool for SAP EH&S users that facilitates compliance with GHS by simplifying mixture classification and labeling practices.
